The Meridien Companies  
203 N. Lewis Street  
LaGrange, GA 30240

RCI was the General Contractor on the new Cambria Suites, recently completed in Ft. Lauderdale, FL. This project had a very short construction period and many of the design components were literally being adjusted at the last minute, to make the changes required on this exciting new brand.

Meridien's Project Managers and Engineers never missed a beat. Shop drawings and revisions were handled quickly. Samples were submitted and approved on a prompt basis and they never lost track of the schedule. They were constantly in communication and resolved issues as they happened, professionally and competently.

The quality of the vanity bases, shelves, mirrors and granite represented a very good value on a project that was constantly looking to stay on budget.

I will look forward to working with Meridien again and would not hesitate to recommend them.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Robb C Imperato', is written over a horizontal line.
